### 1. Call To Order

Council Chair Dean Karsky called the meeting to order at 4:00 p.m.

### 2. City Council Open Discussion

Christine M. Erickson asked for an update regarding misinformation and public confusion regarding the recent ticket sales at the Events Center. She noted the social media responses to citizens not being able to get tickets for an upcoming event. Erickson stated that she has gone online to various websites and has noticed the higher prices for tickets for resale for this event. Terry Torkildson, General Manager for SMG, provided feedback regarding the following: presales regarding fan clubs for the act; sales controlled by the performer and their agent(s) as part of the contractual agreement; presales and the mail newsletter (36,000 recipients); sales to sponsors like Sanford Hospital and First Premier; and sales to radio stations for promotion and distribution. Torkildson noted the lower costs of the tickets for two major "A" list headliners was a huge draw for sales. He stated that he is aware of ticket brokers and scalpers but controlling that would be difficult and this is a challenge experienced by all markets, large and small.

Torkildson reviewed methods used for tracking the ticket sales online using zip codes. He also reviewed the process for purchasing tickets online using credit cards and having driver s licenses available for identification. Additional discussion was held regarding supply vs. demand and how technology has changed the way people now purchase tickets.

Kiley noted that most venues use the same procedures for both large and small concerts and this is no different than how it was handled in the past.
