City Council Vice Chair Rex Roling reported that the committee received audit reports about Landfill Cash Controls, Construction Contracts, and a follow-up to previous Audit recommendations. Committee Member Arnold Martens was appointed to another three-year term.

3. City Council Open Discussion

Council Member Dean Karsky requested that Community Development report to the City Council regarding the decision to retain 2015 funds appropriated for the purpose of the Sioux Falls Development Foundation. Discussion followed.

Anderson Jr. asked Tom Huber, Assistant Finance Director, to provide information about the retained funds. Huber provided a general overview of funds budgeted and background regarding the retained 2015 funds. Discussion followed.

Council Member Christine Erickson asked Huber about the exchanges between the City and Sioux Falls Development Foundation which led to the retaining of funds. Huber explained that the Development Foundation requested the funds through Economic Development who, in turn, requested the funds from Finance. Huber further explained that Economic Development indicated the \$100,000 request was not tied to any particular projects. Erickson also requested that Community Development report to the City Council to share information about the process for determining the use of such appropriated funds. Erickson stated it would be a good idea to have the Development Foundation at the same meeting as well.

Roling asked Huber about the disposition of past appropriations and whether

the carry-over of funds could be used for larger projects. Discussion followed. Huber later stated that the unused 2015 funds could be appropriated again through Council action.

Council Member Rick Kiley asked for clarification about when the contract period with the Development Foundation ends each year. Discussion with Huber followed.

Council Member Greg Jamison stated that with the change of leadership in Community Development it may be a good time to re-evaluate whether Economic Development be moved back to Planning.

Karsky reiterated his desire to have Community Development report to the Council at a future Informational Meeting for the purpose of exploring the partnership and processes between the City and the Development Foundation regarding such appropriations. Huber commented.

Anderson Jr. described a conversation with the Director of the Development Foundation regarding the 2015 funds.

Council Member Michelle Erpenbach stated that the City Council should have been made aware of that 2015 funds were retained by the City. Discussion followed.

Jamison asked the Council if it would consider taking Items 49 and 50 from the evening City Council Agenda and sending the items to committee for further discussion and clarification. Discussion followed.

Rolfing asked Colleen Moran, Assistant City Attorney, to provide information to the Council regarding the timeline for passage of Items 49 and 50. Discussion followed.

Erpenbach recommended that instead of sending the items to Committee it would be more appropriate to discuss at a future Informational Meeting. Discussion followed.
