Regarding the 2015 program, he discussed the program launch and award process as well as investments and outcomes. For the 2016 program, he discussed grant allocation, the USD Discovery District, and the estimated timeline for the process.

Committee Member Christine Erickson asked for clarification about the use of the \$500,000 appropriated for the 2016 program. Gray explained that \$150,000 would be allocated to the USD Discovery District and \$100,000 to the non-profit, educational, and private sector in an effort to reduce spending in some areas. He further stated that his department was comfortable with the allocation levels.

Erickson asked for insight regarding funding requests in future years given the appropriated funds would not be used this year and about the relationship with

Forward Sioux Falls (FSF.) Gray explained that the city values its partnership with FSF particularly in light of the recently-approved agreement. Erpenbach went on to explain that funding will be discussed during the budget process. Discussion followed.

Committee Member Rex Rolwing asked if the Globe University Individual Job Program would be considered during the 2016 application process. Gray explained that the 2016 program includes a new round of applications from throughout the community; all applications will undergo a review process.

Rolwing asked for clarification about the 2015 program outcomes. Discussion followed.

Rolwing asked about efforts to bring potential employees into Sioux Falls from outside the city. Gray explained there are multiple marketing efforts at the state and local levels to attract people to Sioux Falls; one of the key initiatives of FSF in the near future will be a campaign to attract new workers and retain those already in the city.
